Dear Sir/Madam

## Compton Street, Compton– Carriageway Resurfacing – Operation Resilience

Hampshire County Council is currently carrying out a variety of maintenance treatments based around extending the resilience and life of the road network. Operation Resilience is essentially an investment in Hampshire's roads for the long term, marking a substantial shift in emphasis from reactive to planned maintenance – which is much more cost effective in the long run, making them more resilient to the effects of extreme weather, such as snow and ice, and increasingly heavy traffic.

As part of Operation Resilience, Hampshire County Council will be undertaking carriageway resurfacing works on Compton Street from its junction with Otterbourne Road to its junction with Attwoods Drove. The works are programmed to start Monday 24 October 2011 and are expected to last for 1 night, during which time the road will be closed to through traffic from approximately 19:00 to 06:00hrs. During this time there will be no vehicle access down Compton Street and therefore if you need vehicle access during this time can we advise that you make the necessary arrangements.

However, timescales do sometimes have to be moved if we get a period of bad weather or we see that, once we open the road up, repair works are going to be more complicated than anticipated. Any changes to the programme will be made clear on the yellow sign boards where the work is taking place, and on our website: [hants.gov.uk/transport](http://hants.gov.uk/transport). Changes and reminders of work will be put out on the council's twitter feed: [www.twitter.com/hantsconnect](http://www.twitter.com/hantsconnect), and you can also call 0845 603 5633 to check when work is being carried out.

Head of Highways

Phil Samms BEng MCIHT MICE

Director of Economy, Transport and Environment

Stuart Jarvis BSc DipTP FCIHT MRTPI

Call charges and information apply see [www.hants.gov.uk](http://www.hants.gov.uk)

Your name and address will be recorded in our database and may be made available to others only in accordance with the Data Protection Act

I would like to thank you for your co-operation in this matter and should you have any queries regarding these works please call our contact centre on 0845 603 5633.

Yours faithfully

Andrew Tiffen  
Operation Resilience

Dear Sir/Madam,

Compton Street, Compton - Carriageway Resurfacing - Operation Resilience

Hampshire County Council is currently carrying out a variety of maintenance treatments based around extending the resilience and life of the road network. Operation Resilience is essentially an investment in Hampshire's roads for the long term, making a substantial shift in emphasis from reactive to planned maintenance - which is much more cost effective in the long run, making them more resilient to the effects of extreme weather, such as snow and ice, and increasingly heavy traffic.

As part of Operation Resilience, Hampshire County Council will be undertaking carriageway resurfacing works on Compton Street from its junction with Oldbourne Road to its junction with Alton Road. The works are planned to start Monday 24 October 2011 and are expected to last for 1 night, during which time the road will be closed to through traffic from approximately 18:00 to 05:00. During this time there will be no vehicle access down Compton Street and therefore if you need vehicle access during this time can we advise that you make the necessary arrangements.

However, timescales do sometimes have to be moved if we get a period of bad weather or we see that once we open the road up, repair works are going to be more complicated than anticipated. Any changes to the programme will be made clear on the yellow sign boards where the work is taking place, and on our website [hants.gov.uk/transport](http://hants.gov.uk/transport). Changes and reminders of work will be put out on the council's twitter feed: [www.twitter.com/hantscc](http://www.twitter.com/hantscc), and you can also call 0845 603 5633 to check when work is being carried out.
